MRS. DAVID H. BURR'S

French and English seminary for Young Ladies, corner of E and 9th streets, Washington city.

THE location of this seminary is one of the most desirable in the city, on account of its healthy and airy position. The house is large and commodious, with ample grounds and other facilities for amusement and recreation. The principal, so well and favorably known in this city, and in New York, from her long experience in teaching, hopes to give entire satisfaction to all who may confide their daughters to her care. She is a native of France, and familiar with its language and literature, and conversant with the best and casiest modes of imparting to her pupils a perfect knowledge of that language, so that they can not only read and write, but speak it fluently. She has secured able seristants for various departments, so that all branches of an English as well as French education will be thoroughly taught. Pupils who reside in the family have the peculiar advanuages of hearing, and conversing at all times in the French language, and of perfecting themselves in the science of music, being under the surveillance of an experienced teacher. The course of instruction, beaides the usual elementary branches, includes all the higher studies pursued in the most approved northern seminaries. The discipline is mild and affectionate, yet decided, and is maintained by appeals to the affections and conscience of the pupil; it is designed, by a proper development and cultivation of the better qualities of the heart, to bind more affectionately the pupil to her teacher, and by it to secure obedience. As sound physical, moral, and intellectual improvement and culture, are the great objects desired, at is the aim of the principal not so much to crowd the memory with words, as to draw forth and train the systematic and vigorous action, the observing, refecting, and active powers of the mind. The ry with words, as to draw forth and train the antic and vigorous action, the observing, reg, and active powers of the mind. when two or more are entered at the same time, a liberal deduction will be made. The additional charges per quarter are for music, piano, and guitar, \$15; use of instrument, \$2.50; vocal music, \$5. To day scholars, the charges for tuition in the first department in French or English, are \$10; together, \$15; in the second department first class French or English, \$5; together, \$12; in the second class French or English \$7; together \$10. in the third department, first class, French or English \$6; together \$9; in the second class, French or English \$5; together \$9; to the second class, French or English \$5; together \$9; Latin \$4, other languages, drawing, painting, and dancing; at professor's charges. Pupils can be entered at any time, and will be charged only from the date of their entiance. No deduction will be made to those who absent themselves after commencing a quarter, unless prevented from attending by sickness. Billa in all cases to be paid in advance. Every attention is paid to the religious as well as moral and tntellectual instructions of the pupils, but no sectarian peculiarities are ever inculcated. Those residing in the family will attend such churches as their parents may select, under the care of a teacher. They will attend the Episcopal church with the Principal, when no other directions are given. Any other information, and the most satisfactory references will be given on application to the principal.

LAW NOTICE TO STUDENTS.—Mr. Hoff-Lamn's law institution No. 117 South 5th street, Philadelphia, is established for legal education, by means of a thorough union of practice with theory, upon a plan contained in his circular to Students, which will be sent to any part of the Union upon application. The plan consists of a course of reading, adapted to each student's wants—of the practical proceedings in a moot court—and of daily lectures. These commence 1st October and end 1st June. The moot court then begins, and ends its session last of August. The two remaining months are occupied in their customary studies, by all who prefer no intermission. Students enter on any day of the year, and only for six months at a time. Fee §68 50. The library is extensive in law, literature and science. The building is dedicated exclusively to the students—is airy and well furnished.
